

CITY OF ANDERSON HAS 102 COLLEGE STUDENTS IN VARIOUS INSTITUTIONS IN THIS AND OTHER STATES

SPECIAL SERVICE WEDNESDAY NIGHT

At First Baptist Church to Welcome Young Men and Young Women—Public Is Invited.

That the city of Anderson with an actual population of approximately 15,000 has 102 young men and young women in various colleges in this and other states, is the discovery of Dr. John B. White, who is chairman of a committee which has in charge the preparations for a welcome service to these students tomorrow evening.

The fact that there are 102 college students in Anderson will be a surprise to many. Yesterday a gentleman of this city who probably takes more interest in the young men and women and what they are doing than the average man was asked: "How many college students do you think the city of Anderson furnishes each year?" His reply was: "About 35 or 40."

This interesting fact is also considered a splendid advertisement for the town and community. It shows the advancement of the people and the fact that they believe in giving their children as good an education as possible.

The services on Wednesday night promise to be very interesting and entertaining. The committee, consisting of: Dr. John B. White, Dr. W. H. Frazer and the Rev. D. W. Dodge, has mailed out special letters to all of the 102 college students inviting them to the services. The public is also cordially invited.

One member of the committee has explained that when a young woman or young man leaves his home town and goes off to college he or she does not naturally come back and take his or her place in the city. The purpose of the service on Wednesday evening is welcome these students back home and to tell them that they are wanted and especially desired in the church work.

Short addresses of welcome are to be made by Dr. White, Dr. Frazer, and the Rev. Dodge. After these Mr. Charles Sullivan, representing the Anderson students in northern colleges, will make a short talk. He will be followed by Mr. Frank Cox, representing the students at the male colleges of the state, and then Miss Margaret Henry will respond for the students at the female colleges. There will probably be others who will be called upon to make short talks.

In addition to the addresses, an excellent and very entertaining musical program has been arranged. Special music will be furnished by Mrs. O. L. Martin and Messrs. Webb von Haeckel, Wm. McCauley and Henry Mayers. Grand opera selections are to be rendered from a variety of operas and several songs will be sung by Anderson singers.

As stated before, the public generally is invited to these services and a large crowd is expected.

The following is a copy of a letter mailed to the 102 college students in the city of Anderson:

"June 19, 1916.

"This is a sure enough and good invitation to you personally to meet the noble company of Andersonian students who have been in college during the past year at the First Baptist church Wednesday evening at this week at eight-thirty, p. m.

"This invitation is extended in behalf of all churches of the city as a recognition of the deep interest they have in you who have been away and are at home again. It is the old home church idea, the sentiment of a sincere and affectionate spiritual concern for your interest in the things worth while.

"It will be purely informal and happy and you will enjoy the occasion. The public is also cordially invited.

Sincerely,  
Fraser, Dodge, White,  
Committee."

MR. W. T. THROWER

Candidate, Railroad Commissioner.  
Brother-in-law Mayor Godfrey.

Mr. W. T. Thrower, of Cheraw, candidate for the office of railroad commissioner, is a brother-in-law of Mayor J. H. Godfrey, he having married Mr. Godfrey's sister. Mr. Thrower is a practical railroad man and doubtless he will secure many votes in the coming campaign. For many years he was engineer and conductor on the Seaboard railway and also served a period in the railway shop at Charleston. About ten years ago he withdrew from the railroad to enter the lumber business and to engage in farming in Cheraw. After the lumber business closed, Mr. Thrower went to Florence where he was employed in one of the DuPont machine plants. He resigned this position some time ago in order that he might carry on his campaign.

THE NEW ENLISTMENT CONTRACT IS SIGNED

SERVICE 3 YEARS

This Was Advised by Col. Blythe. Requirement of New Bill Passed by Congress.

Nearly all of the old members of Company B signed the new federal enlistment contract which provides for a period of three years in service and three years in reserve. This was advised by Col. E. M. Blythe of Greenville but many of the men had already done this before this message was received.

Company B is now ready to leave for the mobilization grounds and although the men are being kept in readiness to leave on a moment's notice, it is very probable that these orders will not be received before Thursday, since the grounds at Stix will not be ready before Friday.

The following is a copy of the new enlistment pledge which is being signed by all of the recruits and many of the old men:

Federal Enlistment Contract.  
State of South Carolina.  
County of \_\_\_\_\_

I hereby acknowledge to have voluntarily enlisted this \_\_\_\_\_ day of \_\_\_\_\_, 191\_\_\_\_, as a soldier in the National Guard of the United States and of the State of South Carolina, for the period of three years in service and three years in the reserve, under the conditions prescribed by law, unless sooner discharged by proper authority. And I do solemnly swear that I will bear true faith and allegiance to the United States of America and to the State of South Carolina, and that I will serve them honestly and faithfully against all their enemies whomsoever, and that I will obey the orders of the President of the United States and of the Governor of the State of South Carolina, and of the officers appointed over me according to law and the rules and articles of war.

(Signature of Soldier.)  
Subscribed and duly sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, A. D. 191\_\_\_\_.

FATHER OF "TALKING IT OVER" A VISITOR IN CITY YESTERDAY

Mr. T. D. Murphy, Managing Editor of Augusta Chronicle Here.

Mr. T. D. Murphy, managing editor of The Augusta Chronicle, was in Anderson yesterday afternoon and last night on a visit to his brother, Mr. J. L. Murphy, promoter of the Anderson-Atlanta electric railway.

While Mr. Murphy is an editorial writer of no mean ability, he is best known to the readers of The Chronicle, many of which are in Anderson and vicinity, as "T. D. M.", signing his "Talking It Over" feature with these initials. Incidentally, Mr. Murphy is the father of the "Talking It Over" feature, and speaking of fathers, "T. D. M." has daddied more newspaper cuts than possibly any other scribe in Georgia or the two Carolinas. As proof that his daddying has been a success, it is only necessary to look around in certain newspaper offices of the Empire state and find the editors and reporters that have at some time or other worked under "T. D. M."

A CHANGE IN THE CALENDAR

Local Firm Presents Trade With Calendar That Runs Into 1917.

Mr. B. T. Anderson, of the Anderson Dry Goods company, not satisfied with doing a good and growing business, has decided to make a change in the calendar; that is, the special calendar he has prepared to present his customers. This calendar, which is neat and pretty, starts July 1, 1916 and runs through to June 30, 1917, instead of Jan. 1 to Dec. 31. And along with the calendar this enterprising firm is giving a good palmotto fan.

Joined United States Army.

Sergeant Roy Black, recruiting officer for the United States army who has been in Anderson for the past week, stated yesterday that three more young men of this city had enlisted. They are: Pat Martin, 27, that Hutchings and Louis Bobo. This makes a total of six. Sergeant Black has been in Greenville since about the middle of March and since that time has enlisted about 50 recruits. He stated yesterday that the call for the National Guard would hurt his business, since many of the men would prefer going with the local companies.

Miss Pearson Here.

Miss Agnes Pearson of Atlanta has arrived in the city and is stopping with Mrs. Daisy Wilkie. Miss Pearson is a woman and will be connected with the orchestra at the Palace. Having spent several months

\$14,400 IS RAISED BY CHURCH IN TWO WEEKS

CONGREGATION OF FIRST BAPTIST WIPED OUT LARGE DEBT

AN ACHIEVEMENT

Of Which Few Churches Can Boast—Next Business Will Be Building Parsonage.

The First Baptist church through Mr. B. F. Mauldin on Sunday reported that the church debt of \$14,400, incurred because of improvements in the Sunday school building, had been cleared. After Mr. Mauldin's report the congregation gave a rising vote of thanks to Mr. Mauldin as chairman of the committee.

Other members of the committee who assisted in raising this money were: Messrs. D. A. Ledbetter, J. D. Brown, W. A. Watson, G. H. Bailey, J. E. Barton, John T. Burris, P. E. Clinkscales, Dr. A. L. Simethers and Judge W. F. Cox.

"The achievement is a very remarkable one," stated Dr. White yesterday. "Two weeks from the time the determination was made to have the debt wiped out, the business had been attended to."

The next work the church will enter upon will be the carrying out of the plans for the new parsonage, for which building committee has been appointed.

MANY WILL JOURNEY TO ATLANTIC CITY

POPULAR EXCURSION WILL BE RUN TO FAMOUS RESORT

SPECIAL TRAIN

Leaves Anderson Next Friday Afternoon and Many Reservations Are Made.

Many people of this city are preparing to leave on Thursday for Atlantic City on a special excursion train which is to be run over the Southern. A special train leaves Anderson on the afternoon of the 22nd at 4 o'clock and will arrive in Washington 8 a. m., on the 23rd. This special train will be composed of local Pullmans and coaches.

A very low round trip fare has been put on and this is considered an excellent opportunity for the people of this section to visit Atlantic City, the most popular summer resort on the Atlantic coast. Many people are now making reservations and are looking forward to making the trip. Judging from the reservations which have already been made, Anderson will send a large contingent on the excursion.

Those wishing to make reservations may do so by conferring with L. L. Yancey at the Blue Ridge passenger station.

Court

Two Cases Tried Yesterday—Is Adjourned Until Wednesday Morning.

After two cases had been heard, the court of common pleas adjourned yesterday afternoon at 6 o'clock until 9:30 o'clock Wednesday morning. All jurors were excused until that time. Owing to the fact that several of the cases scheduled had been settled out of court, there was nothing to be tried today, and the court adjourned.

The first case yesterday was that of J. S. Fowler versus Sally M. King. After two witnesses had been examined the court directed a verdict for the plaintiff.

The second case was taken up after the dinner recess and was that of Preston Hampton against Bailey Poole. A verdict for the defendant was rendered by the jury.

RECEIVES APPOINTMENT

Graduate of State University.

Among the 300 graduates receiving degrees at Vanderbilt university, it was known that Dr. Clinkscales of Greenville received a medical appointment in the United States Army at Mills Island, N. Y.

Returned From Chicago.

Mr. J. O. Bruce has returned from the Chicago where he was in school during the past session. Mr. Charlie Daniels is expected home today.

Key Sailed for Caravel.

The Commercial vessel of Hull, Key, will sail at Caravel, in the Atlantic, Saturday, July 1, at 1 o'clock.

Others please be present.

MANY ARE INTERESTED MACHINE GUN COMPANY

CAPT. GOSSETT TO BE IN COMMAND—RECEIVING APPLICATIONS

APPLY AT ONCE

This Command Is Much Sought After and Probably Is Will Be Quickly Filled.

Capt. B. B. Gossett of Anderson has been detached from the ordnance department and placed in charge of a machine gun company which is to be organized, this being one of the three companies which will have to be organized to complete the regiment.

The machine gun company is one that is much sought after in the regular army and already Capt. Gossett is receiving applications. The command will consist of four officers and 53 enlisted men. Having been graduated from the naval academy, and having had experience in the marine corps, Capt. Gossett is particularly qualified to assume command of this company.

Upon being asked what progress he was making with the machine gun company, Captain Gossett replied that he had received several applications from young men in Greenville and elsewhere, and that many in Anderson had signified their intention of joining. He anticipates having the company recruited up to its full war strength by Wednesday night at the latest. Whilst local men will be favored, Capt. Gossett is allowed to enlist men from over the entire state.

With the exception of two cooks, one horseshoer, and three or four mechanics, no men will be enlisted except those who have had previous military experience, or who have been students at least two years in a recognized military school such as the Citadel and Clemson.

The pay of a horseshoer is \$30.00 per month plus clothing allowance and board. Cooks receive the same. The pay of privates is \$15.00 per month plus board and clothing. Sergeants receive \$30.00 per month and corporals \$31.00 per month. Same allowances as above.

Applications for enlistment can be made to Captain Gossett at the office of the Riverside and Toxaway mills between 9 and 12 Tuesday morning. Those wanting to enlist are urged to do so at once. Otherwise they may be disappointed. The first two white men between the age of 21 and 45 who are good cooks will be accepted. The same applies to the horseshoer and mechanics. Boys between the ages of 18 and 21 can be enlisted with their parents consent.

FOR HOMES, SEE  
JOHN LINLEY & CO.

If you want a small truck farm the Sebyt place on and just beyond Rocky River can't be beat—

There are thirty (30) acres of bottoms on this place that will grow either truck or corn in great abundance.

Riverside and Toxaway mills are close enough to afford a very convenient market—

are about ten times as great now as they were in 1913, 1914. The United States is richer, all industries are growing and population is increasing.

And Yet—

your home itself would be in a very desirable location, for the Sebyt farm is just very close to the homes of J. R. Anderson, Paul Crowther, S. A. McCown and H. H. Wright.
